

Financial Structure

The Chosen Ones, an entity of Chosen Friends of the Family, Inc., is a non-profit Christian ministry underwritten entirely by love offerings, honorariums and individual gifts. It is the conviction of the family to make the ministry available to any church that extends an invitation on a love offering basis. Each family is bi-vocational so personal living expenses are covered independently. Honorariums may be set for non church related functions and mileage may be required in some instances to help with travel expense. The family travels by motor coach which houses everyone but parking space is required. A meal is greatly appreciated to help defray additional travel expense but is not required. In the event of multiple day events re: Revivals, conventions, etc., it is very important to have some of the meals provided.
